2. Family care plans

Family Care Plan¹

Family Name:		Family Registration number:		Date of Registration:	
--------------	--	-----------------------------	--	-----------------------	--

[illegible]

¹ After 5 months, each family member should be reassessed for need, this will include redoing the HIV risks assessment to indicate if testing is necessary

HIV RISK ASSESSMENT FORM

Organisation/Service Point		Job Title	
Parent's/Legal Guardian/Caregiver Full Name		Parent's/Legal Guardian Contact Details	
Child's Full Name		Child's Contact Details	
Child's ID Number/Date of Birth		Date of assessment	
Gender		Race	Disability? Y/N
PART 1: HIV SCREENING			
Is the child's HIV status known			Yes No
What is the status			Positive Negative Unknown
POSITIVE STATUS	If POSITIVE : STOP the risk assessment. Ensure that the child is enrolled in a treatment and care programme and support them with adherence and retention in care.		
NEGATIVE STATUS	If NEGATIVE : First determine when the test was conducted. If more than 6 months ago and child is over 13 years of age and sexually active, proceed with risk assessment questions (Part B) . NB : If HIV test was conducted within the last 6 MONTHS: HIV test NOT needed (as per HTS Policy) . STOP screening and refer to Social and Behaviour change programmes. If possible, confirm documentation of the test results .		
UNKNOWN STATUS	Establish the reasons the HIV status is not known and whether the Risk Assessment was ever conducted? Determine whether was there any HIV test conducted in the past. NB : If there was no Risk Assessment and HIV Test conducted, proceed to risk assessment questions (Part B) .		
PART 2: RISK INDICATORS			
CIRCUMSTANTIAL INDICATORS (PARENTAL/FAMILY)			Yes No
Are either of the child's biological parents reported to be HIV positive			
Is one or both parents deceased due to a known HIV related illness?			
Does the child have one or more siblings that are deceased? <i>(If siblings of the child are deceased, ask probing questions on the cause of death, especially if the cause may HIV, TB related)</i>			
Is there any member of the household that is addicted to substances? <i>(Probe to ask the nature of addiction and implications to child care)</i>			
Has there been incidents of domestic violence in the family? <i>(Probe about the nature of the incidences, who is involved and how often)</i>			
If YES to any of the above the CHILD IS AT RISK of HIV and supportive referral for TESTING IS ADVISED <i>(consent for referral to local hospital, clinic or health partners should be obtained prior to making a referral).</i>			

HEALTH INDICATORS		Yes	No
The SSP must use the following symptoms to enquire and to observe the client to determine the risk. NB: If the child is experiencing some of these symptoms, the child may be at risk of HIV			
Does the child get sick often or has he/she been sick for more than three weeks at time?	ANY of the following conditions should be checked: •Fever- Frequent and long lasting fevers Fever, a cough, shortness of breath, rapid shallow breathing •Weight loss -Slow growth and weight loss •Runny stomach – continues for 3 – 5 days and happens often e.g., every month •Swollen lymph nodes(neck, armpits and groin that persists more than 3 months. •Yeast infections: Persistent or frequent oral or vaginal yeast infections •Diarrhoea that continues several times •Ear infection, pus (yellow substance) leaking from ear, may have been leaking for a long time and is not responding to treatment or stops when on treatment only to restart again •Skin problems (itchy, spotty skin) •Lung infections: Lung infections and difficulty in breathing •Bacterial infections : Repeated bacterial infections, such as middle ear infection, sinusitis or pneumonia. •Mouth ulcers : Mouth ulcers or persistent lesions and open blisters.		
Is the child small and/or underweight for his/her age?	If available - review the child's Road to Health card. Does the child not gain weight even if they are receiving regular nutritional meals?		
Has the child been diagnosed with TB?	Check Road to Health card if available		
Has the child been admitted to hospital in the past six months?	Check Road to Health card if available		
If YES to any of the above the CHILD IS AT RISK of HIV and supportive referral for TESTING IS ADVISED (refer to local hospital, clinic or health funded NPO for HIV testing)			
BEHAVIORAL INDICATORS			
FOR YOUNGER CHILD (Ask the primary caregiver)		Yes	No
Do you suspect that the child may have been exposed to sexual violence? Probe on the nature of the violence. If there is suspicion that the child may have been abused check if the suspicion was reported to the police or a social worker). Please note that all suspicion of abuse MUST be reported to a social worker or a police officer.			
Do you know if the child has been sexually abused? (If yes probe further and identify a need for a referral to appropriate services)			

ADOLESCENT/YOUTH INTERVIEW (Ask adolescents only)	Yes	No
Do you have an intimate partner?		
What is the age difference between you and your intimate partner?		
Are you sexually active?		
Have you ever engaged in sexual activities with anyone other than your intimate partner		
Have you been sexually and/or physically abused and or violated ? <i>(If there is a suspicion that the adolescent may have been abused, the matter should be reported to the police or a social worker)</i>		
Have you been drunk or high on substance and had sex, or do you suspect that you may have been sexually abused whilst intoxicated?		
If YES to any of the above the CHILD IS AT RISK of HIV and supportive referral for TESTING IS ADVISED (refer to local hospital, clinic or health funded NPO for HIV testing)		

PART 3: ASSESSMENT RESULT AND ACTION

Outcome	Comment
Test Required	
Test Not Required	
Routine testing every six months required	
Child Referred for HIV Testing (indicate health facility where OVCAV is referred to)	
Date for Follow- up:	
Confirmation of HIV testing received	
Ensure that all Referrals are Entered on the Referral Log and the Referral is noted on the individual child's file	
Social Service Practitioners Overall Comments and concerns :	

Primary Caregiver Consent to Supportive Referral for HIV Testing Form

I, _____ Parent/Guardian/Caregiver of,

Child 1 Date of Birth

Child 2.....Date of Birth

Child 3.....Date of Birth.....

from (Residential Area):.....

Grant permission for my child/children to be referred for HIV testing.

Please write your initials or put a fingerprint to indicate your response on each of the following sentences below:

	YES	NO
I, hereby confirm that I have been informed by _____ (Name of Social Service Practitioner) about the nature, conduct, benefits, risks and implications involved in undertaking an HIV Test.		
I, therefore freely and voluntarily agree that my child/ren is/are referred for an HIV test which will be performed by a Health Practitioner.		
I agree that the Health Practitioner will inform me of the results of the test in person and refer me or my child/ren back to the organisation/facility for further follow ups on prevention, treatment, adherence, care and support.

Client Referral Form

1. The client referral form is standardized throughout the referral network to ensure that the same essential information is conveyed by referring and receiving organisations.
2. The form is divided into two sections:
 - a) Part A, the referral slip, is completed by the organisation/person making the referral (referring organisation).
 - b) Part B, services provided, is completed by the organisation/person filling the referral (receiving organisation).
3. The person/organisation initiating the referral completes the Referral Slip (Part A), which includes the following information:
 - a) Date of referral.
 - b) Ref Number: To be provided and generated by the organisation, e.g., 35/11/16 (35th referral of the 11th Month (November) of the Year 2016)
 - c) Client's (name and date of birth.)
 - d) Name of person initiating referral.
 - e) Name, address and phone number of the organisation/facility initiating referral.
 - f) Name of contact person at organisation where client is being referred.
 - g) Name, address and phone number of organisation where client is being referred.
 - h) List of the service(s) for which the client has been referred. Use the codes at the bottom right side of the form to indicate services needed. Space is provided to write additional notes regarding the client's needs.
4. Clients or family members are given the referral form directing them to the appropriate organisation(s) for the services they need.
5. Clients or family members present the referral form at the receiving organisation. The information on the referral form informs the service provider of the client's needs.
6. After the requested services are rendered, the provider at the receiving organisation completes Part B (services provided), which includes the following information:
 - a) Date service(s) provided.
 - b) Services provided.
 - c) Use codes at the bottom of the form to indicate services provided. E.g., 11 (Code for ART Therapy)
 - Indicate if the services were completed as requested.
 - If follow-up services are needed, please specify using the code and schedule a date.
 - d) Additional comments.
7. The completed client referral form is either sent directly to the referring organisation or returned there by the client on the next visit.
